# Ukraine Business Compact

- A vibrant private sector will help to drive Ukraine's recovery and build a resilient and agile economy.
- Ukraine has competitive advantages and growth potential which make it an attractive market for trade and investment.
- The aim of this compact is to re-enforce the business community's support for peace in Ukraine and to set out mutual expectations for the recovery efforts.

# Ukraine Business Compact

- “By signing this compact we commit to supporting the recovery and reconstruction of Ukraine by looking for opportunities, when the time is right, to engage in trade and investment, peer-to-peer expertise sharing, pro bono work and business activities including, but not limited to:
  - 1. Investing in business opportunities in Ukraine, participating where possible in reconstruction through direct financial contributions or investments into Ukrainian operations;
  - 2. Working with Ukraine-based companies, including to harness the country’s existing and future potential via trade, expertise sharing and partnerships;
  - 3. Supporting Ukraine-wide development and economic growth, where possible and in line with business objectives.”

# Core Principles

- Investing and behaving sustainably, accelerating green transition and inclusive growth in accordance with international corporate practice.
- Acting responsibly and reinforcing responsible business practices, aligned with international standards, including adherence to applicable legislation, support and respect of human rights, equitable and inclusive practices, and prevention of corruption.
- Implementing best practice corporate governance and working to identify areas where compact signatories and Ukrainian businesses can share capabilities and promote best practice governance in a mutually beneficial way.
- Respecting all applicable sanctions legislation and regulations.
